Twilight
Seminars

FREE ICT TWILIGHTS

Kingston Centre, Stafford (These sessions will be beneficial to all users of Textease, whatever version is in use)

3rd March 2009, 4 - 5.30pm

Using Textease Studio CT within the Literacy Framework

5th March 2009, 4 - 5.30pm

Using Textease Studio CT within the Mathematics Framework

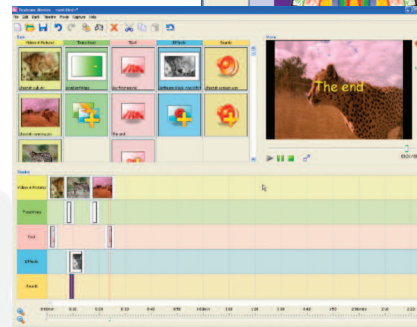

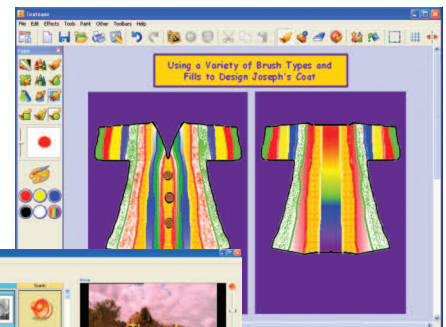

Softease would like to offer all Staffordshire schools the opportunity to see an introduction to the diversity of Textease Studio CT. **Doug Dickinson**, an inspirational independent consultant will present this series of Twilight sessions showing how you can use Textease Studio CT to match the new Primary Frameworks for Literacy and Mathematics.

Whether you want to create inspirational lessons yourself or engage your pupils using intuitive, child friendly tools to create multimodal projects, this is the event for you.

Textease Studio CT is a fully integrated suite of nine core ICT tools all specially designed to allow seamless embedding of ICT into the primary curriculum.

See the form overleaf for booking details.
